

OUTbonus lock-in promotion

Terms and Conditions

OUTsurance and OUTvest have entered into a collaboration to offer qualifying OUTsurance short-term insurance clients the opportunity to invest the accrued amount of your upcoming OUTbonus with OUTvest six months prior to the end of the OUTbonus cycle. This eliminates the risk of losing your OUTbonus should you need to claim during the remaining six months of the OUTbonus cycle. The terms and conditions of the promotion are set out below:

- This promotion is available to all qualifying OUTsurance short-term insurance clients who elect to invest their OUTbonus with OUTvest for the remaining six months of their OUTbonus cycle.
 - Only the amount that has accrued as at six months prior to the end of the OUTbonus cycle will be invested for the purpose of this promotion. The remaining six months of your OUTbonus will be paid to you by OUTsurance when it becomes payable subject to the terms and conditions of your policy and agreement with OUTsurance should you qualify.
 - Should you choose to invest your OUTbonus with OUTvest, it will be invested into a unit trust selected for your goal. Please note that all investments carry risk and the amount invested is not guaranteed and is subject to fluctuations based on the performance of the unit trust. Fortunately you will not lose any units purchased in terms of your investment should you submit a claim during the remaining six months of your OUTbonus cycle.
- In other words you will not forfeit your investment because of a claim.
- No withdrawals (full or partial) of the OUTbonus amount invested will be allowed from your investment account for the remaining six months of your OUTbonus cycle.
 - To invest your OUTbonus, follow the link provided and ensure that you complete all the steps necessary to invest your OUTbonus. This involves creating an investment goal and electronically signing your investment contract. You may also choose to contribute the amount to an existing goal.
 - OUTsurance will, once your investment account has been activated, pay the accrued OUTbonus amount into your investment account. This transaction is seen as a payment to yourself as you are the owner of the investment. OUTsurance will therefore have no further liability to pay the amount invested at the end of your OUTbonus cycle.
- All standard terms and conditions regarding your OUTbonus remain in place, except that you cannot lose any units purchased in your investment should you claim during the remaining six months of your OUTbonus cycle.
 - Any disputes regarding the amount or the value of your OUTbonus must be directed to OUTsurance directly.
 - It may take up to four business days for your OUTbonus to reflect in your investment account after you have completed your investment goal or selected to contribute to an existing goal.
 - This is a limited offer and OUTvest reserves the right to terminate this offer at any time.
